

SPG-SD01 Network Controller

Product Features

- Low power consumption
- Up to 12 video detector
- Up to 4 RJ45 ports

Network Controller

Transfer the images of occupied spaces to server and transmit server's demand to LED display by network communication.

Specifications

Input Voltage	AC110V/220V
Power	3W
Operating Humidity	10% to 90%
Operating Temperature	-20°C to +60°C
Network	RJ45 port
IP Rating	IP 56
Dimensions (L*W*H)	397.5*350*65mm
